## Find Your Higher Power For Addiction Recovery

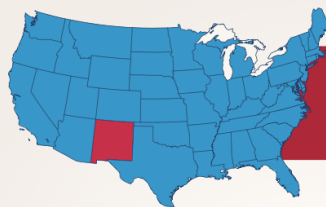

According to a study published in the National Library of Medicine, 73% of drug and alcohol rehabilitation programs in the USA include a spirituality-based element, such as 12-step fellowships and practices which promote faith in God or a Higher Power to help sustain sobriety.

It has even been found that individuals connected with their spirituality have quicker recovery rates than those without this connection.

PASTOR  
MICHAEL JIMENEZ

Hello Las Cruces Community,

I am Michael Jimenez and like many young people, I once grappled with rebellion and found myself lost in a maze of addiction. My weekends blurred into weekdays, and soon, drugs defined my existence. Despite my best efforts, I felt trapped, unable to break free.

It was at Victory Ministry that I discovered a new beginning, where Christ's light illuminated my path. Through His sacrifice on the cross, I felt an unparalleled love and freedom that broke every chain.

Today, I stand transformed. Guided by the teachings of Jesus Christ, I'm committed to sharing His Word and leading by example. My journey of redemption and the family I've been blessed with stand as testaments to God's grace.

Alongside my devoted wife, Jessica, we're committed to sharing the teachings of Jesus Christ and leading our community forward. Together, let's join hands to ensure a safer, stronger Las Cruces, one story of transformation at a time.
